

FALL REGISTRATION

The afterschool is now taking registrations for September. Priority is given to children currently attending our program and their siblings. Completing registration in the spring allows us to plan for September. **Please register siblings entering the program in September on this form. Please note, however, that space is not guaranteed for siblings.** We need the forms back promptly since some families on the waiting list need to know if they have a space before the school admission draw date.

A limited number of part-time afternoon spaces *may* be available for two to three days a week. Only part-time spaces that balance one another to provide full occupancy will be considered. For example, one position may require Tuesday and Thursday afternoon which would be balanced with another position for Monday, Wednesday, and Friday.

Monthly fees will be: Mornings \$185, Afternoons \$360 and Full-time (mornings and afternoons) \$455. Part-time afternoon fees are: three afternoons \$220 and two afternoons \$145. There is a policy to encourage participation in our summer program, and to offset the large deficit the summer program incurs. To keep your child's fall space, there will be a charge of the equivalent of two weeks' summer fees. This could be used towards attendance in July – August.

REGISTRATION FORMS ARE DUE APRIL 25.
